

BRIEF SUMMARY

To pursue a challenging a career and be a part of progressive organization given a scope to enhance my knowledge and utilize my skills towards the organization.

KEY EXPERTISE

Auto-cad Catia Multitasking Supply Chain Management MS-Word MS-PowerPoint MS-Excel

EDUCATION

MIT Academy of Engineering, Pune B.Tech. - Mechanical Engineering CGPA: 8.12 / 10	2021 - 2025
Shri Shivaji Polytechnic Institute, Parbhani, Parbhani Diploma Diploma - Mechanical Engineering - Mechanical Engineering MSBTE Percentage: 80.92 / 100	2022
Shri Siddheshwar Vidyalyay, Basmath, Basmath 10 th Maharashtra State Board Percentage: 73 / 100	2019

INTERNSHIPS

Endurance Technology Pvt Ltd. Key Skills: Problem Solving, Teamwork, Communication I worked as an intern at Endurance Technology Pvt Ltd. in the paint shop department, which applies high-quality coatings to vehicle bodies, ensuring durability and aesthetic appeal. As Supervisor, I oversee team management, production planning, quality control, safety, and budgeting to achieve a 99%+ quality rating and 100% safety compliance."	01 Jun, 2024 - 30 Nov, 2024
Academor Automotive / Ancillaries / Automobile Key Skills: Technical Knowledge, Technical writing, Teamwork Completed internship focused on internal combustion engines. Engaged in research, analysis, and practical application related to IC engine design, performance, and efficiency.	01 Aug, 2022 - 30 Sep, 2023

PROJECTS

Design and Evaluation of Commerical HVAC Duct Systems Mentor: Mr. Sagar Mushan Team Size: 4 Key Skills: CFD Problem Solving BIM This project involves designing, analyzing, and optimizing commercial Heating, Ventilation, and Air Conditioning (HVAC) duct systems to ensure efficient airflow, thermal comfort, and energy savings.	05 Sep, 2024 - 25 Oct, 2024
Temperature analysis of heat exchanger with different number of baffle. Mentor: Mr. Sagar Mushan Team Size: 4 Key Skills: Fluid Dynamics CFD Data Analysis Heat transfer Radiation This project aims to analyze and optimize the temperature distribution within a heat exchanger by varying the number of baffles. Using computational fluid dynamics (CFD) simulations and mathematical modeling, we will evaluate the impact of baffle configuration on heat transfer efficiency, pressure drop, and fluid flow.	02 Apr, 2024 - 22 May, 2024
Pneumatic Generator Mentor: Jagtap Virsen.v. Team Size: 4 Key Skills: Mechanical Skills, Technical Knowledge, Problem-Solving Abilities As part of the project team, my role will be focused on the fabrication and assembly of the pneumatic generator. You will work closely with another team member to construct the prototype based on the design specifications provided by the planning specialist. my responsibilities will include procuring materials, assembling pneumatic components, conducting initial tests, and documenting the assembly process.	04 Jan, 2021 - 07 Apr, 2022

ACHIEVEMENTS

- I got Certificate in technical quiz
- I got certificate in Auto-cad
- I had certificate in state level quiz completion sponsored by MSBTE
- I had certificate in LifeSkills Program sponsored by GTT Foundation

CO-CURRICULAR ACTIVITIES

- Member at MITAOE IUCEE Student Chapter

PERSONAL INTERESTS / HOBBIES

- Listening Music, Travelling to new Religious Places
